

Veronique Van Pelt's Nonesuch Palace: Vol. 1: Lyrics

N'Importe

Il ne m'aime pas, il ne m'aime plus.

These words come on me like a heart attack.
They tell me there's no turning back.
How could you make it look simple to do?
For me there's no forgetting you.

He doesn't love me.
He doesn't love me, no.
He doesn't love me.
He doesn't love me.

N'importe, n'importe de quoi.
N'importe, n'importe de quoi.

His scent lingers on my fingertips,
his story sealed behind my tender lips -
my rose, you are beautiful,
such a shame to have to let you go.

Qu'il est si beau et je l'aime con tout mon
cœur.

He doesn't love me.
He doesn't love me, no.
He doesn't love me.
He doesn't love me.
He doesn't love me.
He doesn't love me.
He doesn't love me, no.
He doesn't love me.

N'importe, n'importe de quoi.
N'importe, n'importe de quoi.

Qu'il est si beau et je l'aime con tout mon
cœur.

Qu'il est si beau et je l'aime con tout mon
cœur.

Qu'il est si beau et je l'aime con tout mon
cœur.

N'importe, n'importe de quoi.
N'importe, n'importe de quoi.

Like We Did

I go to shows all alone
It may be dumb cuz I know
I'm living life for myself
But it sure doesn't help

When I see them touch like we did
I wish I couldn't see
When I see them kiss like we did
I ask what it's gonna be
I hope nothing gets in their way
Will they one day look at couples and say
When I see them touch like we did
I could die.

You know most everyone here
But you never appear
You just keep keeping clear
That's what I like to hear

But I'm not having much luck
No frankly baby I'm stuck
Don't know what to do
Cuz you keep coming through

When I see them touch like we did
I wish I couldn't see
When I see them kiss like we did
I ask what it's gonna be
I hope that nothing gets in their way
Will they one day look at couples and say
When I see them touch like we did
I could die.

I wish all lovers all the best
Every kind of happiness
Everything we had no less
But I still wish they'd give it a rest

When I see them touch like we did
I wish I couldn't see
When I see them kiss like we did
I ask what it's gonna be
I hope that nothing gets in their way
Will they one day look at couples and say
When I see them touch like we did
I could die.

When I see them kiss
When see them move
When I see them feel
When I seem love
When I see them touch like we did
I could die

Aftershock

I don't want another baby,
wouldn't go crazy,
want you on the daily.

You know how to get me shaking,
push me to the breaking point.
I'm never faking.

I like everything I'm tasting,
ain't no sense in wasting time.
I like everything I'm tasting,
ain't no sense in wasting
a second you are taking.

Sex isn't everything.
But with you it's a good good thing.

I could spend my life with you.
I would break my own heart to be untrue.
After our pretty bodies talk,
stay here with me and feel the aftershock.

Everybody knows me,
only you see me
just the way God made me.

When you take me to the bedroom,
better leave some headroom,
gonna make a big boom.

I feel like you know my soul.
Want you to know much more.

I could spend my life with you.
I would break my own heart to be untrue.
After our pretty bodies talk,
stay here with me and feel the aftershock.

Squeezing my hand,
look deep into my eyes -
it's all I need to get me high.

I feel you everywhere,
so baby pull my hair.

I could spend my life with you.
I would break my own heart to be untrue.
After our pretty bodies talk,
stay here with me and feel the aftershock.

I could spend my life with you.
I would break my own heart to be untrue.
After our pretty bodies talk,
stay here with me and feel the aftershock.

Just To Hold You

You say I'm feigning.
Who's feigning anything.
Shock and disbelief,
it feels so good,
too good for me.

No I'm not lookin
for anything particularly.
I'm just liking what I see
though that remains
to be believed.

I came in on an thermal in time
terrified that you might mind.
Yer shining so bright I gone blind,
holding onto your songs like lifelines.

No I don't wanna fuck you up,
don't wanna drive you wild,
or ever get you riled up,
unless you'd like to dance some time.
Then we'll just take it slow,
step by step in kind.
That would be more than fine
cuz, baby, it feels so good just to hold you.

Don't know your echoes
but I know your frequencies,
running through me,
riveted with your melodies.

I see your right eye
got more pain the other one,

don't know where it come from,
like to see it on the run.

I tried to shoot out Cupid on sighting,
but my arrow went wide, his tight.
Covered in a million skeeter bites,
half watching day turn to night,

I don't wanna fuck you up,
don't wanna drive you wild,
or ever get you riled up,
unless you'd like to dance some time.
Then we'll just take it slow,
step by step in kind.
That would be more than fine
cuz, baby, it feels so good just to hold you.

I feel less broken around you.
Don't need your mending but I do
wanna get to know you, babe.
I just wanna get to know you.

I don't wanna fuck you up,
don't wanna drive you wild,
or ever get you riled up,
unless you'd like to dance some time.
Then we'll just take it slow,
step by step in kind.
That would be more than fine
cuz, baby, it feels so good just to hold you.

Outside The Lines

It seems like people want to love each other,
but we get in our own way.
We say the same old words when someone's
leaving,
someone we might prefer to stay.

Lord knows it's no crime,
where you lay your heart, where you spend
your time,
but ain't it a darn shame.
If you play the game you're bound to lose
sometimes.

Love beats the hell out of me.
I don't know what it means
when I see you in dreams.
And you, you will always be

the best of me, my destiny.
Oh I'm finding it fine
outside the lines

We carry round this perfect picture
of how we think that things should be.
Oh how we stitch our lives together
like stacks of torn up magazines,

but it comes short almost every time.
Still the teacher says you gotta stay in the
lines,
but it will blow your mind,
that which only is found well out of bounds.

Love beats the hell out of me.
I don't know what it means
when I see you in dreams.
And you, you will always be
the best of me, my destiny.
Oh I'm finding it fine
outside the lines.

Love beats the hell out of me.
I don't know what it means
when I see you in dreams.
And you, you will always be
the best of me, my destiny.
Oh I'm finding it fine
outside the lines

So Reached

I don't understand what you mean to me.
Truth is I'm still figuring that part out.
And I don't understand what we're meant to
be.
individually or apart.

You do something to the way I see things.
Never look the same at the color green.
You may be away each day
but never has anyone so reached my heart.

I can't help but care what your mama thinks.
She's the one that brought you to this world.
And I can't help but care what would make
you sink.
Is that a hurt you'd share with a girl like me?

You do something to the way I see things.
Never look the same at the color green.
You may be away each day
but never has anyone so reached my heart.

And I still gotta talk to you in song,
pretend that ain't been what's happening
all along.

You do something to the way I see things.
Never look the same at the color green.
You may be away each day
but never has anyone so reached my heart.

I'm still living in the way I'm feeling.
Longer than we were in love I've been
grieving.
You may be away each day
but never has anyone so reached my heart.
